About Institution-Vidya-Amrut Dnyan Pratishthan's Shirsondi

Vidya-Amrut Dnyan Pratishthan, Shirsondi, is a prestigious educational institution in the state of Maharashtra. The organization was established in 2013 on the ideas of Karmaveer Bhaurao Patil and the then founders of Maratha Vidya Prasarak Samaj. In other words, the founding board of directors went from the locality and village to village to gather members, raise funds for the construction and development of the organisation, and start the work of public education for the organization. Today, more than 1500 members are the family of this organisation. Near about eight years have passed since the establishment of the institution. This institution has stood the test of time to become an extraordinary work of social and ideal values, and it has achieved 100% success. History says that the rise of Vidya-Amrut Dnyan Pratishthan Sanstha is attributed to the local people and the young generation with an interest for education. The main objective of this Institution is to "provide high-quality educational facilities and all-round development to students of all levels in the surrounding villages".

Vidya-Amrut Dnyan Pratishthan's, Arts, Commerce and Science College, Shirsondi is one of the active educational institutes established in the rural area of Nashik district since 2018. It is affiliated to Savitribai Phule Pune University, Pune. The main objective after the establishment of the college is to integrate the students from rural areas who are promising but, due to economic conditions or some other unavoidable reason, drop out of the stream of education after 12th standard, and motivate them for higher education. Because there are a lot of uneducated parents in the villages around the college, and those parents do not know much about education or have no interest, so the college organised parent meetings to convince those parents of the importance of education and to make them interested in education. The college is renowned for offering several co-curricular and extracurricular activities for pupils in addition to its lesson plans offerings. The college's NSS unit regularly participates in a number of outreach and extension initiatives. The college has also set up a video recording room where lessons can be recorded for electronic media distribution. The college has a qualified and experienced faculty, well-stocked computer labs, digital classrooms, departmental libraries, wide reading halls, a lovely campus, and playgrounds. The college ensures an excellent academic record to fulfil the need for competitive efficiency in students and enrich their all-round personality development in a techno-savvy world.
